Commission B, Fields and Waves Activity Report July 2015 – Dec 2015

1 Activity

1.1 2nd Meeting of Commission B for the 23rd term of the Science Council of Japan

Date: September 3, 2015 13:00-13:40

Place: Tokyo Institute of Technology, Ookayama Campus, West Bldg. 9, W935 room

The minutes:

1) The election of the secretary

The secretaries of this term are decided as two persons of Prof. Hirokawa and Prof. Michishita by nomination of Chairperson Prof. Uno.

2) About URSI-JRSM

Chairperson Prof. Uno explained about the URSI-JSRM. In addition, Prof. Ando explained the basic policy for future meeting.

The URSI subcommittee becomes a lower branch of both the Science Council of Japan and the electronics society of the IEICE. In the electronics society of the IEICE, the URSI subcommittee is positioned as the international conference committee, and is necessary to hold in English. We will propose that it is held as the domestic meeting such as MWE.

3) About future plan

In the general conference of the IEICE which will be held in Kyushu University on March, 2016, we will discuss about the holding of a subcommittee and the lecture. As a plan of the lectures, we suggested that a lecturer from AP committee and another from EMT committee are recommended.

To hold the meeting of the subcommittee of the Science Council of Japan, it is necessary to be careful about the following points. The attendance must have a quorum. We do not get the registration fee. There is no financial support from the Science Council of Japan. It is necessary to hold it as Commission B alone.

2 Associated meetings

2.1 Past meetings

- 1) The 36th PIERS 2015 in Prague, Czech Republic, July 6–9, 2015, http://www.piers.org/piers2015Prague/
- 2) 2015 IEEE International Symposium on Antennas and Propagation and North American Radio Science Meeting, Vancouver, Canada, July 19–24, 2015, http://www.2015apsursi.org/

- 3) 2015 URSI-Japan Radio Science Meeting, Tokyo, Japan, September 3-4, 2015, http://www.ursi.jp/jrsm2015/
- 4) 2015 International Conference on Electromagnetics in Advanced Applications, IEEE-APS Topical Conference on Antennas and Propagation in Wireless Communications, Torino, Italy, September 7-11, 2015, http://www.iceaa.net
- 5) 2015 International Symposium on Antennas and Propagation, Hobart, Australia, November 9-12, 2015, http://isap2015.org/
- 6) 2015 Asia-Pacific Microwave Conference, Nanjing, China, Dec. 6-9, 2015, http://www.emfield.org/apmc2015/

2.2 Future meetings

- 1) 2016 International Workshop on Antenna Technology, Cocoa Beach, USA, Feb. 29-Mar. 2, 2016, http://www.iwat2016.org/
- 2) 2016 European Conference on Antennas and Propagation, Davos, Switzerland, Apr. 10-15, 2016, http://www.eucap2016.org/
- 3) 2016 IEEE International Symposium on Antennas and Propagation/USNC-URSI National Radio Science meeting, San Juan, Puerto Rico, Jun. 26-Jul. 2, 2016, http://www.2016apsursi.org/
- 4) The 37th PIERS 2016 in Shanghai, China, August 8-11, 2016, http://www.piers.org/piers2016Shanghai/
- 4) 2016 URSI Commission B International Symposium on Electromagnetic Theory, Espoo, Finland, Aug. 14-18, 2016, http://emts2016.org/
- 5) 2016 URSI Asia-Pacific Radio Science Conference, Seoul, Korea, Aug. 21-25, 2016, http://aprasc2016.org/
- 6) 2016 International Conference on Electromagnetics in Advanced Applications, IEEE-APS Topical Conference on Antennas and Propagation in Wireless Communications, Cairns, Australia, Sep. 19-23, 2016, http://www.iceaa-offshore.org/j3/

- 7) 2016 International Symposium on Antennas and Propagation, Okinawa, Japan, Oct. 24-28, 2016, http://www.isap2016.org/
- 8) 2016 Asia-Pacific Microwave Conference, New Delhi, India, Dec. 5-9, 2016, http://www.apmc2016.org/
